<p>

Graduated from University of North Florida with a Bachelor in Finance and MBA in Finance at the university of Florida. My prehistory is all over with investment banking and financial parallels,

where I only had experience making money while the map of my selected land was not traced yet.

qualifying through private equity as well as by models built familiarity and exit in M&A or secondary

opportunities error. Power BI is used to extract & validate financial data from SAP S/4HANA dashboarding & performance analysis. Of trained up AI models as well which has provided me a

great anchor when my analytical brain will try to solve something.
